In keeping with the University of Calgary's emphasis on the importance of academic writing in student assignments (section E.2 of 2016-17 Calendar), this course relies heavily on writing and the grading thereof in determining a student's mark. Competency in writing is not the exclusive domain of the humanities and social sciences, nor does it solely mean

accuracy in mechanics (grammar, spelling, punctuation). The University of Calgary offers a number of instructional services through the Students' Success Centre's Writing Support Services (http://www.ucalgary.ca/writingsupport/) for students seeking feedback on assignments or seeking to improve their general writing skills. Students are **strongly encouraged** to take advantage of these programs.

A list of required readings for all course discussions will be outlined on D2L and links and documents will be made available, where possible. Required readings have been chosen carefully to inform you and enhance the seminar material.

Also, it is expected that students will use the APA Publication Manual format for referencing all written assignments.

Details for current course offerings are available at: www.crds.org

Desire 2 Learn is located on the University of Calgary server and will be used extensively for communication with students. It is the student's responsibility to ensure that s/he gets all posted communications and documents and that s/he receives emails sent by instructors or fellow students through D2L. Your email address on D2L is the one you gave to the Registrar. Using an email address on the University server (name@ucalgary.ca) will ensure that you receive emails and that, should the server ever be down, instructors will be aware of it. Other servers sometimes filter D2L or instructor group mailings as spam; we therefore require that you have your ucalgary.ca email address linked to D2L.

Conduct During Lectures

Students are expected to conduct themselves in a mature and courteous manner during ALL tutorials. Students are expected to frame their comments and questions to the instructor and fellow classmates in respectful and appropriate language, always maintaining sensitivity towards the topic.

Electronic Devices

The Bachelor of Community Rehabilitation program aims to create a supportive and respectful learning environment for all students. Research studies have found that student use of electronic devices (laptops, tablets, etc) in the classroom negatively affects the learning of both the user and those sitting nearby. Inappropriate use of laptops is also disruptive to your fellow classmates and disrespectful to the instructor. Their use in the classroom is **strongly discouraged** and may be prohibited by instructors except in circumstances related to course content. Should laptops be permitted, their use is limited to taking notes and **NOT to surf the web, check email or do other unrelated work**. Students who use their laptops inappropriately or are otherwise disruptive during lectures will be asked to leave. Repeat offences may be considered non-academic misconduct and disciplined accordingly.

Cell phones and similar devices **must be turned off** (not merely silent) during class time. Students who disregard this rule during lectures or tutorials will be asked to leave. These items are not permitted under any circumstance during exams/quizzes, etc.

Copyright

It is the responsibility of students and professors to ensure that materials they post or distribute to others comply with the Copyright Act and the University's Fair Dealing Guidance for Students (library.ucalgary.ca/files/library/guidance_for_students.pdf). Further information for students is available on the Copyright Office web page (http://library.ucalgary.ca/copyright)

A Note Regarding Instructor Intellectual Property

Generally speaking, course materials created by professor(s) (including course outlines, presentations and posted notes,

labs, case studies, assignments and exams) remain the intellectual property of the professor(s). These materials may **NOT** be reproduced, redistributed or copied without the explicit consent of the professor. The posting of course materials to third party websites such as note-sharing sites without permission is prohibited. Sharing of extracts of these course materials with other students enrolled in the course *at the same time* may be allowed under fair dealing.

Academic Accommodations Based on Disability

It is the student's responsibility to register with Student Accessibility Services to be eligible for formal academic accommodation. If you are a student who may require academic accommodation and have not registered with Student Accessibility Services, please contact their office at (403) 220-8237; http://www.ucalgary.ca/access/. Students will be provided with all necessary accommodations to ensure equal opportunity to succeed in this course. Please provide the instructor your accommodation letter from Student Accessibility Services within 14 days after the start of this course so that all needed arrangements for exams and assignments can be made.

Accommodations on Protected Grounds other than Disability

Students who require an accommodation in relation to their coursework based on a protected ground other than disability, should communicate this need, preferably in writing, to the designated BCR program contact, Mrs. Jennifer Logan (jijlogan@ucalgary), or to Dr. Ebba Kurz, Associate Dean, Undergraduate Health and Science Education, Cumming School of Medicine. Students who require an accommodation unrelated to their coursework or the requirements for a graduate degree, based on a protected ground other than disability, should communicate this need, preferably in writing, to the Vice-Provost (Student Experience). For additional information on support services and accommodations for students with disabilities, visit www.ucalgary.ca/access/.

Academic Misconduct

Intellectual honesty is the cornerstone of the development and acquisition of knowledge and requires that the contribution of others be acknowledged. Consequently, plagiarism or cheating on any assignment is regarded as an extremely serious academic offence. Students should examine sections of the University Calendar that present a Statement of Intellectual Honesty and definitions and penalties associated with Plagiarism/Cheating/and Other Academic Misconduct.

Cheating, plagiarism, and other forms of academic misconduct are very serious offences that will be dealt with rigorously in all cases. Consequences include failure on the assignment, failure in the course and possibly suspension or expulsion from the BCR program or the University. The Cumming School of Medicine follows a zero tolerance policy regarding dishonesty. All incidences of academic dishonesty will be reported to the Associate Dean (Undergraduate Health & Science Education) and be recorded in their student records. The University calendar is explicit about what is construed as academic misconduct and on the appropriate penalties. Students are referred to the "Student Misconduct" sections of the University Calendar for further information.

Recording of Lectures

Audio or video recording of lectures is prohibited except where explicit permission has been received from the instructor.
